Designer Notes

This game takes inspirations from the great strategy card games that came before us: Gwent, Legends of Runeterra, Marvel Snap, Hearthstone, etc.

What the font is supposed to represent:
Gives off inviting but serious at the same time. It combines the classic fantasy style with a modernized, approachable look.

Our logo:
Fire: represents power, our passion for creating game, the one word that represents our product.

Card: Our genre of expertise life is like a box of cards; you never know what you're going to get.

Lore: Dragon Hunter

Amidst towering mountains and treacherous valleys, there exists a legend known as the Dragon Hunter. Born of ancient lineage, their name whispered with both reverence and fear. Each scar etched upon their skin tells a tale of bravery in the face of fire and fury, as they pursue their quest to bring peace to a world plagued by dragons.
